

TDB 18. Uluslararası Dişhekimliği Kongresi
18th International Dental Congress

Let's Meet Where the Continents Meet

Turkish Dental Association
18th International Dental Congress

EXPODENTAL 2011

May 26-28, 2011

İSTANBUL HALIÇ CONGRESS CENTRE

My dear colleagues,

I invite you all to the 18th Turkish Dental Association, International Dental Congress that will take place on May 26-28, 2011.

Dear colleagues which either work in their private practice offices or public services;

We are all aware of the problems we have faced recently. That is why we, dentists, academicians, students, industrialists, dental technicians and dental assistants, should all come together. We should make this 18th TDB Congress a joyous celebration with the participation of all dental partners.

I guarantee you that you will attend the conferences, panels and courses in the congress' science program which involves the information, techniques and practices supporting everyday practice and you will also see the latest technology in the EXPODENTAL fair area. I hope the social program that will take place in the area called Istanbul's Golden Horn will be an unforgettable experience for all of us. All my friends working in this organization and I are already excited for the congress we have been planning for you. Let's experience this excitement together.

Looking forward to meeting you in the congress.
With love and respect,

Turkish Dental Association and Congress Chairman
Prof. Dr. Taner YÜCEL

Dear colleagues,

This year, Turkish Dental Association's 18th International Dental Congress is taking place in Turkey's heart, Istanbul. We are trying to bring you, our colleagues, the best with our hard work and determination. This year, the general title of our congress will be "Practical Applications in Contemporary Dentistry". Our congress, joining the academic and social activities, will be taking place at Haliç Congress Centre, which is one of the places that reflects Istanbul's historical background the best and an urban door opening to the world. We have made many changes for you this year. Our fair and exhibition rooms will be together with the rooms in which the science programs will take place and you, our colleagues, will enjoy the congress activities more easily.

As usual, national or international speakers, all experts in their fields, will share their experience and information with you. You will be able to follow the conferences and posters and join the courses. In the fair rooms, national and international companies will introduce the latest technologies to our dentists.

We want to see you again after two years in Istanbul, 2010 European Capital of Sport and Culture and the symbol of civilization.

All dentists to the congress on May 26-28, 2011!

EXPODENTAL 2011

We will be together at the fair that will take place with the union of Dental Manufacturers (DISSIAD) and industry representatives.

If you want to learn about and apply the innovations in the latest visualization techniques, endodontics, laser and implantology, dental materials, disinfection sterilization and aesthetic approaches;

Don't forget to visit Halic Congress Centre, a part of the Expodental 18th International Dental Congress on 26-28 May, 2011. Dentists, Industry Representatives, Dental Students, Dental Technicians, Dental Assistants can visit the fair free of charge by registration form.

SOCIAL PROGRAM

Lots to see in Istanbul!

There are too many historical and cultural sites to see in Haliç to count but here are some of those.

Kariye Museum

Located in Karagümrük's Edirnekapı part and goes back to 6th century, Kariye Museum was used as a church in Byzantine area and has been used as a mosque ever since the conquest.

Eyüp Sultan Mosque

This mosque is one of the most interesting sacred buildings. There is no other mosque with this many tombs, mausoleums and sarcophaguses. With cypresses, these tombs make the mosque area an ethereal place.

Church of the Pantocrator

Church of the Pantocrator, a building that goes back to the Roman times, was built in the first quarter of 12th century. It is the second biggest church that has survived after Hagia Sophia in Istanbul.

Miniaturk

It is the biggest miniature park in the world with its 60.000 square meter of space. The models of various structures in Turkey can be seen here.

Galata Tower

Located in Galata, it is one of the most important symbols of the city. It is a tower

that was built in 528 AD. You can see Bosphorus, Haliç and Istanbul in panoramic view from this tower.

Rahmi Koç Museum

An industrial museum, Rahmi Koç Museum is located in Hasköy. Opened with the support of businessman Rahmi Koç, it is also the first museum that is dedicated to the history of industry, transportation and communication in Turkey.

Greek Orthodox Patriarchate

It is one of the most important sites in Haliç. One of the actors in Christianity's controversies since the 6th century, it is the centre of Orthodox Christianity.

Pierre Loti

You would like to have a coffee after all this sightseeing, right? We recommend you Pierre Loti café that is located in Eyüp and has a magnificent Haliç view.
